

OXONIUM

ACIDIFIER

READ LABEL BEFORE USING
SHAKE WELL BEFORE USE

COMPATIBILITY

Oxonium is an acidifier. User assumes sole responsibility for non-phyto-toxic compatibility with specific crops or with other materials when such use or handling are contrary to label instructions.

DIRECTIONS FOR USE

Apply as a soil pH adjuvant at the rate of 1 to 10 gallons per acre. Adjust pH to no lower than 2.5. Check with Soil Basics Agronomist for rate calculations.

Do not use with copper fungicides or following a copper fungicide application.

Contact your SBC Representative for compatibility informations for tank mix application.

NOTICE TO BUYER

Seller makes no warranty, expressed or implied, concerning the use of this product other than as indicated on this label. Buyer assumes all risks of handling this material when such use and/or handling are contrary to label instructions.

CAUTION

KEEP OUT OF REACH OF CHILDREN

If swallowed, dilute with water and immediately contact medical help. Do not inhale fumes or vapors. Eye contact: Flush eyes with water for 15 minutes and contact physician immediately. When handling, wear impervious gloves and goggles with face shield. If spilled, contain and reclaim for water use. Avoid further contact.
